To Pursue a challenging and high-performance-oriented role in the field of Data Science & Data Analyst to implement the expertise and experience gained in this field to develop advanced projects with efficiency and quality.

## WORK EXPERIENCE

### Machine Learning Engineer (Full-Time) The SmartBridge

06/2021 - Present

#### Tasks

- Created Guided Projects and mentoring various session on ML/DL and Business Intelligence Tool.
- Proficiency in knowledge sharing on AI/ML, Tableau, IBM Cognos Analytics Fundamentals to students.
- Mentoring In Hackathons like Tableau & IBM Hack Challenge.

### Machine Learning Engineer Intern The SmartBridge

11/2020 - 05/2021

#### Tasks

- Worked on various types of modeling including Logistic Regression, Random Forests, ANN, CNN, and many more on various datasets including numerical, categorical, or media (images, audio) as input.
- Applied my learnings of ML/DL on multiple projects over cloud platforms like IBM and local machine using PyCharm as the production environment.
- Worked on Tableau & IBM Cognos Analytics (Business Intelligence) tool for creating dashboards.

## PROJECTS

### Garbage Classification (02/2021 - 03/2021)

Build a model that can detect different garbage materials like paper, metal, cardboard, etc. The automated system is able to sort the waste based on the combination of Convolutional Neural Network.

### IBM Cognos Coffee Review Dashboard (01/2021 - 01/2021)

Build a Coffee Product review Analytics Dashboard using IBM Cognos Analytics and provide the solution to shopkeepers to target the right clients with the right product.

### Tableau Snapchat Ads Dashboard (12/2020 - 12/2020)

Build Snapchat Ads dashboard to take better decisions based on the ads and analyze the spending money countrywide.

### Sentiment Analysis of COVID-19 Tweets – Visualization Dashboard (05/2020 - 06/2020)

Twitter Sentiment Analysis and Visualization using Python. I have performed an analysis of Twitter data. Where I have extracted the tweets from Twitter itself using the Twitter API (tweepy) and made predictive analytics using Machine Learning.

## EDUCATION

### B.Tech CSE

People's University Bhopal

07/2017 - 08/2021

8.8 CGPA

### XIth, MPBSE

Govt. Maharaja School, Chhatarpur

04/2014 - 03/2015

73.2%

### Xth, MPBSE

Shealing Home School, Chhatarpur

04/2012 - 03/2013

79.33%

## SKILLS

C

Python

Tableau

IBM Cognos Analytics

Machine Learning

Deep Learning

SQL

Data Analysis

Data Science

IBM Cloud Services

Team Player

Reliable & Professional

## CERTIFICATES

### IBM Cognitive.ai

Certified in Python for Data Science, Node Red Flow Editor & Machine Learning.

05/2020 - 06/2020

### TCS-iON

Certified in Interview Skills

04/2020 - 05/2020

## ORGANIZATIONS

### Stygian store Private Limited (10/2018 - 10/2020)

Manage And Developed the eCommerce website on Shopify. Handle social media pages like Facebook, Instagram & Twitter. Email Marketing, Influencer Marketing.
